Discussion Questions

1.1. Why do you think it's hard sometimes to view Jesus as our King and in what areas of life do you specifically struggle to submit to Him as King?

Key Verses

John 19:17-27
Matthew 2:46-50

2. We've all been through difficult times, but in those times do you find it hard to remain others focused? If so, why do you think that is? Can you give an example of a hard time you've been through and what it could've looked like to help others while going through that time?

3. Jesus viewed all Believers as family. Do you think we view other Believers in Jesus, even across denominations, as family? Why do you think that is hard sometimes? What impact do you think it would have if we did? What would church look like if it really was a gathering of the family and how can you live that out next Sunday?
